2. The following is added to Table 13.3:

The following provisions shall apply to all lands zoned with a holding provision (H49A) as shown on Schedule "A" to this By-law until the holding provision (H49A) is removed from the lands or a portion thereof pursuant to Subsection 36(3) or (4) of the Planning Act:

- a) Only the following uses are permitted prior to the removal of the holding provision (H49A):
 - i. A use legally existing on the lands as of the date of the enactment of this By-law;
 - ii. A use that was permitted on the Subject Lands, or portion thereof, pursuant to Comprehensive Zoning By-law 2006-50 as of the date of the enactment of this By-law; and,
 - iii. *Non-Intensive Recreation Uses and Environmental Management Uses.*
- b) A By-law or By-laws to remove the Holding Provision (H49A) from all or a portion of the lands shall not be enacted until the following conditions, as applicable, have been met to the satisfaction of the Town:

- i. Approval of a secondary plan in conformity with the Town's Future Caledon Official Plan or an official plan amendment;
 - ii. Approval of Draft Plan of Subdivision has been issued or where the lands are not subject to a Plan of Subdivision, a Site Plan Approval – Final Summary letter has been issued by the Town. Through the Draft Plan of Subdivision or Site Plan approval process, the applicant shall submit an Environmental Impact Study, to the satisfaction of the Town ("EIS"), which among other things, determines the extent of the Natural Environment System as defined in the Future Caledon Official Plan. Any lands that are identified as being within the Natural Environment System through the EIS and protected from development shall either be dedicated to the Town or other appropriate public authority or otherwise protected from development over the long term to the satisfaction of the Town as a condition of draft plan approval or through Site Plan approval.
 - iii. Written confirmation, where required, from the Regional Municipality of Peel and/or the applicable utility, that:
 1. a development agreement has been executed to implement the required water and sanitary services, which may include payment of fees and posting of required securities; and/or
 2. there is sufficient municipal water and sanitary sewer capacity to service the lands.
 - iv. Only with respect to lands in the Focus Analysis Area of the Highway 413 Transportation Corridor (FAA) and the Narrowed Area of Interest of the Northwest GTA Transmission Identification Study (Northwest GTA TIS), the Applicant has provided written confirmation of clearance for the lifting of the holding zone to the Town from the Ministry of Transportation with regards to any lands in the FAA and Northwest GTA TIS.
3. The following is added to Table 13.3:

A holding provision (H49B) shall apply to the lands shown on Schedule "A" to this By-law and may be lifted over all or a portion of the lands provided that the following conditions, as applicable, have been met to the satisfaction of the Town:

- a) The submission of an Environmental Impact Study, to the satisfaction of the Town ("EIS"), which among other things, determines the extent of the Natural Environment System as defined in the Future Caledon Official Plan in order to confirm the limits and extent of the Environmental Policy Area 1 Zone (EPA1) as described in the note on Schedule "A" to this By-law. Following the completion of the EIS to the satisfaction of the Town, the holding provision (H49B) shall only be lifted from lands that are already within the EPA1 zone where those lands have been identified to form part of the Natural Environment System and protected from development through the EIS. For clarity, the holding provision (H49B) shall not be lifted from lands that form part of the Natural Environment System and are protected from development as identified through the EIS where lands are zoned for residential or commercial uses on Schedule "A".
