Potential Policy Ideas

Policy Ideas to Consider

1. From the Joint Peel-Caledon Aggregate Transportation Study, how should the review network of “high-capacity arterials” in the Town’s Official Plan be implemented (for connectivity to updated potential aggregate resources areas)?
2. From the Joint Peel-Caledon Aggregate Transportation Study, should the haul route maps be updated to use Emil Kolb Parkway?
3. From the Joint Peel-Caledon Aggregate Transportation Study, can haul route agreements to require aggregate operators to improve haul routes to appropriate design standards?

Potential Policy Ideas

Policy Ideas to Consider

4. What elements does the town have control over in terms of traffic? What policy options does the Town have given the above?
5. How can the Town financially support building and maintaining haul routes into the future?
6. Is there an obligation for the Town and Region to limit further exceedances on planned traffic volumes?
7. Should new sites be encouraged on existing haul routes, or can there be a strategy around site placement in relation to haul routes?
8. What areas in Caledon require consideration in the Region and Town Master Plans for new facilities related to truck traffic?

Potential Policy Ideas

Policy Ideas to Consider

1. **Policy recommendations from Peel:**
 - Review regional strategic goods movement network
