

Subdivision Application Guide

(Application for approval under Section 51 of the *Planning Act, R.S.O. 1990*)

A. Applying for Subdivision Approval

The attached application form is to be used only when applying to the Town of Caledon for subdivision plan approval. The application must be completed in full and submitted together with the required application information, fees, reports and plans listed below, to the Town of Caledon Development Approval and Planning Policy Department.

In order to meet processing time frames the applicant is advised that pre-consultation with appropriate authorities during completion of the application is key to ensure identification of all issues and in particular, requirements for supporting documentation reports.

B. Using the Application Form

1. The attached application form **must be fully completed** including the applicants' affidavit and registered owners certificate and returned to the Town of Caledon together with the number of copies identified on the DART Form. Please ensure that you keep a copy for your files.
2. The application should be completed by the applicant or his authorized agent. The written authorization of the registered owner and affidavit of the applicant must also accompany the application. For your convenience, an authorization and affidavit section has been included in the attached application.
3. It is the responsibility of the applicant to research and evaluate the site and the proposal to ensure that the development will conform with the interests of the health, safety, convenience and welfare of the present and future residents. Any pertinent information should be reflected in the application form.
4. As noted on the application form certain infrastructure projects to service plans of subdivision are subject to the provisions of the *Environmental Assessment Act*. The applicant is advised to consult with their engineering consultant to provide determination in this matter.
5. Where additional support materials such as environmental, noise abatement, planning or engineering reports are required, all reports and background information must be submitted with the application in accordance with the DART Form.

C. Draft Plans

The *Planning Act* requires that the applicant shall provide as many copies of a draft plan as may be necessary and shows all information required under Section 51(17). The plan must

be drawn to scale in metric units, and include the applicants' certificate. To carry out the review of the application, drawings and material will be required in accordance with the DART Form. Drawings are to be folded to 8 ½ x 11 of the draft plan, together with two (2) reductions of each drawing, 8 ½ x 11 in size, on photographic paper (KP5) will be required. If further copies are needed, the applicant will be notified. The applicant shall also provide 3 compact discs containing the draft plan in a geo-referenced file (NAD 27) in 'dwg', 'shp' or 'dxf' format. Please include a file name, contact name and phone number on the label of each disc. If assistance is required please contact the Development Approval and Planning Services for direction.

D. Information to be Shown on the Draft Plan Under Section 51(7) of the *Planning Act, R.S.O., 1990*

- (a) the boundaries of the land proposed to be subdivided, certified by an Ontario Land Surveyor;
- (b) the locations, widths and names of the proposed highways within the proposed subdivision and of existing highways on which the proposed subdivision abuts;
- (c) on a small key plan, on a scale of not less than one centimetre to 100 metres, all of the land adjacent to the proposed subdivision that is owned by the applicant or in which the applicant has an interest, every subdivision adjacent to the proposed subdivision and the relationship of the boundaries of the land to be subdivided to the boundaries of the township lot or other original grant of which the land forms the whole or part;
- (d) the purpose for which the proposed lots are to be used;
- (e) the existing uses of all adjoining lands;
- (f) the approximate dimensions and layout of the proposed lots;
- (g) natural and artificial features such as buildings and other structures or installations, railways, highways, watercourses, drainage ditches, wetlands and wooded areas within or adjacent to the land proposed to be subdivided;
- (h) the availability and nature of domestic water supplies;
- (i) the nature and porosity of soil;
- (j) existing contours or elevations as may be required to determine the grade of the highways and the drainage of the lands proposed to be subdivided;
- (k) the municipal services available or to be available to the land proposed to be

subdivided; and

- (l) the nature and extent of any restrictions affecting the land proposed to be subdivided, including restrictive covenants or easements.

E. Fees

- a) A cheque in the amount of the appropriate Town of Caledon fee, made payable to the Town of Caledon. Please refer to the Town's Fee By-law.
- b) A cheque in the amount of the appropriate Region of Peel fee, is to be included with the application, made payable to the Region of Peel.
- c) Conservation Authority Subdivision Review Fee is collected by the Conservation Authority.

F. Signing the Property

The applicant shall erect a sign in accordance with the requirements of Schedule II and file with the Development Approval and Planning Policy Department a letter agreeing to maintain the sign(s) both for structure and paint work to the satisfaction of the Director of Development Approval and Planning Policy.

G. Dealing with the Application

- 1. After accepting the application as complete as per the Planning Act, (this will be confirmed in writing and the application shall not be deemed to be complete until such written confirmation is received) the Town will confer with internal Town Departments and external agencies who may be concerned, to obtain information and comments.
- 2. Following evaluation of the plan and the comments from internal departments and external agencies, as noted above, conditions may be imposed by the Town in granting draft approval of the plan (approval in principle).
- 3. Sections 51(39) of the Planning Act also provides the opportunity for any person, including the applicant or a public body, to appeal the decision of the Town to the Ontario Municipal Board. It is recommended that the applicant acquaint him/herself with the provisions of the Planning Act in this regard.
- 4. The agencies affected by the conditions must indicate to the Town that they have been fulfilled to their satisfaction prior to the approval of the final plan for registration.

H. Concurrent Class EA Project Approval

Section 6 of the *Environmental Assessment Act* prevents draft approval until the requirements of

Section 5(1) have been fulfilled. Section 7 of the subdivision application requires that any Schedule C water, storm drainage, sewage or road projects be identified and the location and dimensions of such projects must be shown on the subdivision plan, in the key plan, separately on the plan.

Subdivision Application Form

(Application for approval under Section 51 of the *Planning Act, R.S.O. 1990*)

This application for approval under Section 51 of the Planning Act must be fully completed to the satisfaction of the Town of Caledon, before the formal processing of the application will begin.
